WHAT WILL HAPPEN? WHERE? WHEN?
WHAT EVEN AM I DOING?!

CROWN LANE
AND
THE JACK LONERGAN FOUNDATION

CROWN LANE AND METRONOME

FIRSTLY, CAN WE TELL YOU HOW YOU'VE COME TO HAVE THIS OPPORTUNITY?

JACK LONERGAN

Jack loved Music. It was no surprise to anyone who knew him from an early age that he was never going to be too far away from a guitar, microphone, mixing desk or headphones. Having studied Music at Leeds University, Jack entered the teaching profession and devoted his time to inspiring young musicians to develop their skills. Jack found his niche working in Inner London High Schools, often in challenging environments, and loved working with students who sought the sanctuary of the Music Department where they could express their creativity. In his spare time, as well as following his beloved AFC Wimbledon, Jack enjoyed writing music and performing in bands. On 14th August 2021 Jack, at 28 years old, unexpectedly collapsed and died of a heart attack.

ABOUT THE FOUNDATION

The Jack Lonergan Foundation has been established to promote musical education for young people who may not have access to such opportunities. Our focus is to ensure that financial support and provision of instruments is available to children and young adults who have an appetite to learn to play an instrument, sing, or develop music tech skills. Money raised by The Jack Lonergan Foundation prioritises support to children from low-income families to develop life-long musical skills.

A passionate and dedicated music teacher, Jack cared deeply about every child's development, regardless of their social background. He devoted his teaching time and his own time to ensuring that all children had the opportunity to engage in music beyond just a set of earphones.

The foundation aims to build a legacy for his life, building upon the impact that his enthusiasm for life and music has already had on so many children.
