# Welcome

## Crown Lane Education Partnership

**This guide is designed to help you consider becoming an Education Partner with Crown Lane**

- giving your young people an industry gateway, robust learning and life-enhancing experiences

To become a partner - get in touch

The music business is a difficult industry to access. Crown Lane wants to ensure young people are given appropriate and valuable access opportunities. By becoming an Education Partner, you are giving your young people a rare and privileged opportunity. This guide will show you how

Current Partnerships include MA programmes and SEND establishments (and everything in between).

If you have any questions whatsoever, please contact [info@crowlanestudio.co.uk](mailto:info@crowlanestudio.co.uk)

# What is the cost?

**There's no cost to partnership - but we'll be open from the start:**

We're a business (not a charity) - proud of our values - Accessibility, Sustainability and Creativity - as well as our track record in the world of education.

To sustain the business, we charge a commercial rate for any services that you engage us in. This guide will hopefully encourage you into this world.

As a partner organisation you have exclusive access to our education programme, discounts, relevant CPD training and the only access to our work experience programme.

# Who is it for?

**If you want your young people to be inspired to be inspired about music, media and the sound industries... this is for you.**

Have a look through this guide, and if you think this is for your pupils and your team, get in touch now. With many strong Education Partnerships already, we want to ensure the right schools, colleges, community, education and social prescribing establishments are benefitting from our programme.

Let's see what's
